

PERSONAL INFORMATION

Pierpaolo Brutti

 P.le Aldo Moro, 5 - 00185 Rome/Italy

 +39 347 5152695  +39 06 49910561

 pierpaolo.brutti@uniroma1.it

 <https://www.dss.uniroma1.it/it/dipartimento/persone/brutti-pierpaolo>

Gender Male | **Date of birth** 3 March 1977 | **Nationality** Italian

According to law 679/2016 of the Regulation of the European Parliament of 27th April 2016, I hereby express my consent to process and use my data provided in this CV

POSITION Associate Professor of Statistics, Sapienza University of Rome

WORK EXPERIENCE

- 2015 – Present **Associate Professor of Statistics**
Department of Statistics / Sapienza University of Rome, Italy
- 2011 – 2015 **Assistant Professor of Statistics**
Department of Statistics / Sapienza University of Rome, Italy
- 2008 – 2011 **Postdoctoral researcher**
Department of Economics / LUISS Guido Carli

EDUCATION

- 2006 **PhD - Thesis Title: “New confidence regions for nonparametric regression and how to explore them”**
Sapienza University of Rome, Italy / Ph.D. in Statistics.
- 2002 **Master of Science in Statistics**
Carnegie Mellon University, (PA) USA.
- 2002 **Bachelor of Science in Statistics -Thesis Title: “Il riconoscimento del parlatore: una proposta di meta-analisi basata sulla combinazione gerarchica di classificatori”**
Sapienza University of Rome, Italy

PERSONAL SKILLS

- Language(s)** Italian (mother tongue) and English
- Communication skills** Excellent communication skills gained through teaching and in giving public conferences
- Organisational skills** P.B has been organizer and co-organizer of series of seminars in probability and statistics, as well as conferences (e.g. *SIS Bayes Meeting 2017*, *2017 SIS Conference Statistics and Data Science: New Challenges, New Generations*), and introductory/advanced courses on the use of the programming language R aimed at the public sector and other (research) institutes.
- Computer skills**
- **Programming Languages:** R, Python, Julia, Matlab, C++
 - **Database Management:** SQL, MySQL, MS Access
 - **Other data analysis/management tools:** Apache Spark, Apache Hadoop

ADDITIONAL INFORMATION

Teaching Experience Since 2005, P.B. has taught a number of courses at different levels (Bachelor, Master and Ph.D.) in statistics, probability, machine learning, Bayesian statistics, and nonparametric statistics at various universities, such as "La Sapienza" University of Rome and LUISS Guido Carli, and other (research) institutes like Banca d'Italia and EIEF (Einaudi Institute for Economics and Finance).

Other Academic Experience Since 2018, P.B. is member of the Board of the Phd program in Data Science and has been supervisor and co-supervisor of more than 10 PhD students in Data Science and Methodological Statistics, as well as supervisor of more than 50 Master's degree theses.

Research Interest As author and co-author of several publications on international scientific Journals and Conference Proceedings, P.B. research activity is mainly focused on (i) topological data analysis and its applications (ii) functional and nonparametric estimation and testing, (iii) Bayesian robust sample size determination criteria applied to the design and monitoring of clinical trials.

- Funding**
- Responsabile WP3322 - *Topological Data Analysis* nell'ambito del Progetto STILES - STrengthening the Italian Leadership in ELT and SKA (PNRR "Infrastrutture di ricerca") / (2023-2025)
 - Referente locale del Piano Nazionale Lauree Scientifiche - PLS / Statistica (2015-2021)
 - PI for the research project "*Optimal transportation based Bayesian experimental designs with application to clinical trials*" / 2019, awarded by Sapienza University
 - PI for the research project "*Bayesian bandits in clinical research*" / 2014, awarded by Sapienza University
 - PI for the research project "*Disegni Bayesiani robusti per la pianificazione di esperimenti genomici*" / 2012, awarded by Sapienza University
